Diagnosis and Healing

The Lecher Antenna can be used for **energy diagnosis and healing**.

You can use the Antenna to find out if something is beneficial or harmful to your energy

And you can find the precise solutions to suit you.

SOME OTHER USES

Graphology; It is possible to check the vibration rate of handwriting and determine the personality much like charting an astrological profile.

Identifying Geopathic aggressions; Geopathic wave emanations arise from the earth and can have damaging effects on health Use the LA to identify and perform simple remedial techniques to eliminate their negative impact on health.

21stCentury Feng Shui ~ The LA can be used to find the best layout for furniture and the colours to use in your workplace or home. It can also be used to correct the spin of negative energies and promote a more harmonious atmosphere in a house or office.

Developing engineering projects; The LA is used to locate source points and underground obstacles such as water pipes or caverns, Hartmann lines or gases like radon that might negatively impact any construction or event in an area. Check for random radio waves, microwaves, cell phones etc and find lasting solutions with the LA.

Health ~ Identify imbalances due to hereditary or genetic influences and restore connections in the body's electrical circuitry that create a bias towards

certain problems and that aren't resolved by allopathic medicine
Distance Healing: Move beyond time and space to get accurate energy reading
on your subjects/ begin healing at a distance Treat the cause of problems not just the
symptoms
And much more
